

# JOIN OBHS FRIENDS OF THE PAC!

[SIGN UP HERE](#)

## MISSION STATEMENT

The current mission of this committee is to continue to generate funds that will improve and help maintain the theater at the high school.

We support student productions and workshops as well as generate funds for additional programs, in which we will endeavor to make the Fine & Performing Arts Department in the Oyster Bay-East Norwich School District the finest on Long Island. In addition, it is our goal to promote and provide community led events, which will form a much-needed bridge between our school district and our entire community. It is also our intent to raise awareness within the entire community of the great facilities at our public high school, promoting the fine & performing arts and encouraging residents to keep their children in our district for their entire education. We need your help in accomplishing these programs all of which directly benefit the students in the OBEN School District.

Friends of the OBHS PAC is a self-sustaining, non-profit 501 (C) organization.
