

NATURE AWARENESS WORKSHOP & WALKS

Using Nature Awareness Skills to Build a Stronger Sense of Belonging

Wednesday, April 10, 2024 | 5:30 pm
Education Annex, Humes Preserve
345 Oyster Bay Road, Mill Neck

Led by Dan Kriesberg and Camille Simone Edwards, Friends Academy

Join us for a walk through the Humes Preserve to practice the nature awareness skills of attentiveness, awe, pattern seeking and creativity. These skills strengthen our connections to wild nature and human communities. For each skill, participants will go through a series of hands-on outdoor activities and reflections. Everyone will take home a "tool-kit" they can use whenever and wherever they are in the outdoors.

Family Walk

Saturday, June 22, 2024 | 2:00 pm
Humes Preserve
345 Oyster Bay Road, Mill Neck

Led by Dan Kriesberg, Friends Academy

Time outdoors provides young people numerous physical, emotional and social benefits, and it is fun!! Join us for a family walk through Humes Preserve. We will play, explore and learn about this beautiful place along the way.
