### Community

Oyster Bay is located on the North Shore of Long Island approximately 35 miles east of New York City. The residents are committed to quality education as evidenced by the expenditures per child, which are among the highest in the New York Metropolitan area. The student-teacher ratio is one of the lowest in Long Island.

### Accreditation

- Recognized School of Excellence by the U.S. Department of Education.
- Oyster Bay is accredited by the State of New York and the Middle States Association.
- Member of the Tri-State Consortium for High Performing School Districts.

### DISTRICT EDUCATIONAL PROGRAM HIGHLIGHTS

The professional staff of the OBEN Schools is committed to being part of an accountable learning community focused on improving student achievement at all levels. Highlights of the results of this commitment include:

- State-of-the-art technology integrated into all the district's grade levels and subjects.
- Elective offerings include our commended Essay Writing for College, American Sign Language, CISCO, and Stony Brook University Engineering.
- Exceptional high school faculty that includes National Board Certified Teachers, New York State Master Teachers, and NSHSS Claes Nobel Educators of Distinction.
- College preparation and planning culture that includes college awareness tour programs in grade 10; college fairs; on-site college visits; guest speakers.
- Full complement of athletic opportunities in grades 7-12.
- Ever-increasing percentage of students in advanced placement courses.
- Renowned performing arts program that has performed in concert on the stage of Carnegie Hall and in collaboration with the New York City Master Chorale.
- Innovative fine arts program that incorporates traditional fine arts skills with cutting edge multimedia software.
- Science and technology that provides rigorous and diverse curricula through which students engage in authentic experimentation that fosters students' scientific inquiry, design, data analysis, reading and writing. The breadth of elective and AP course offerings enable students to experience diverse challenges and opportunities in STEM.
